SANTA'S WORKSHOP

It is almost time for Santa's Workshop! On Thursday, December 19th, the students will attend a fun and festive Santa's Workshop where they will be able to shop for Christmas gifts for their families.

Each ticket costs \$1 and gift items for family members will be on sale during your child's designated shopping time. The students will use these tickets to shop with the help of teachers and Virtus trained volunteers.

Please keep in mind that most items range from \$2-\$5, and you can purchase tickets using the link below. The limit for each student is \$25.00.

We are also in need of donations for gift items and volunteers to help with the event. This is a fun event for the students who love picking out a little something special for their loved ones.

BASKETBALL UPDATE

SCS Anchors closed out the first weekend of the season with two wins. The 8th grade boy's opportunistic offense proved too much against a formidable opponent in St. Louis School, posting a 23-17 victory. Quinn McCartney led all scorers with 15 points, Nick Purtell notched 4 and Payne "Welcome Back" Burton, added 3. This was a total team effort and there is a rumor that the motto of the 8th grade Anchor team is "we prefer to be recognized not as individuals, but as a team whose individual accolades mean nothing."

. The 6th/7th grade team secured a hard-fought win over St. Margarets, 13-9, in a sweet "payback" victory. The Anchors scoring was led by Jack Bailey and Cameron Stoner's 5 points each and Michael McMenamin's 3 points and tough interior defense. Jaxson Basil also helped the Anchors get their first win of the season with some tough defense limiting St. Margaret's to just three 2nd half points.

Our 6th and 7th grade girls' teams faced two very tough teams in their first games of the season but picked it up in the second half of each game, especially on defense. Scoring for 6th grade was led by Emma Mulligan with 6 points, while Paige Purtell poured in 5 including a 3-point swisher. 7th grade girls scoring was led by Paige Purtell with two 3-pointers (giving her 3 for the day) and a bucket, while Harper Rodeghero added 2 more.

Our 4th grade girls playing in their first CYO game ever, were rudely introduced to a St. Mark team playing on their home court. The experience of the opponent was just too much to overcome as our Anchors were shutout. However, Coach Stavros did see some bright spots and is confident progress is right around the corner.
