

IXL Summer Work

Directions for Accessing Summer Study Plans

IXL Introduction

Summer math practice this year is on the learning platform, IXL. There are 11 skills in 8 categories. Each student should complete a minimum of 10-15 questions and strive for 80% mastery per skill. These are 2nd grade review skills. If the student needs more support, IXL will provide an explanation for incorrect answers. You are received a list of categories and skills, but we have also “recommended” these required skills in each IXL account.

Follow these directions to help students find their teacher recommendations.

After logging in, click on the MY IXL tab.

The image shows the top portion of the IXL website. At the top is a green navigation bar containing the IXL logo on the left, followed by the links 'My IXL', 'Learning', 'Assessment', and 'Analytics'. On the right side of the bar is a search icon and a user profile icon labeled 'Kingston'. Below the navigation bar is a large hero section with a light green background. The main heading 'IXL is personalized learning' is centered in blue. Below this heading are three white cloud-shaped callouts. The first cloud on the left is titled 'Comprehensive K-12 curriculum' and lists 'Math', 'Language arts', 'Science', 'Social studies', and 'Spanish'. The middle cloud is titled 'Trusted by educators and parents' and states 'Over 160 billion questions answered' and 'More than 17 million students use IXL'. The third cloud on the right is titled 'Immersive learning experience' and lists 'Analytics', 'Recommendations', 'Real-Time Diagnostic', and 'Awards'. Each cloud has a small blue downward-pointing arrow at its base. The hero section is decorated with various colorful illustrations: a yellow hot air balloon, a sun, a person on a bicycle, a sailboat, a child jumping, and a lightbulb. At the bottom center of the hero section is a link that says 'See why they love IXL >>'.
